

June 24, 2021

To the Board of Trustees of the  
National Waste & Recycling Association

We have audited the financial statements of National Waste & Recycling Association (NWRA) for the year ended December 31, 2020, and have issued our report thereon dated June 24, 2021. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit.

**Our Responsibility under U.S. Generally Accepted Auditing Standards**

As stated in our engagement letter dated November 24, 2020, our responsibility, as described by professional standards, is to express an opinion about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of NWRA's internal control over financial reporting.

Accordingly, as part of our audit, we considered the internal control of NWRA's solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit involved judgment about the number of transactions to be examined and the areas to be tested.

Our audit included obtaining an understanding of NWRA and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures.

Professional standards also require that we communicate to you the following information related to our audit.

### **Significant Audit Finding**

#### *Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by NWRA are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2020. We noted no transactions entered into by NWRA during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

NWRA's allocation of fringe, overhead and fundraising expenses, calculation of the allowance for doubtful accounts; and determination of economic life of property and equipment represent particularly sensitive accounting estimates. We evaluated the key factors and assumptions used to develop these estimates and believe that they are reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

#### *Independence*

During the year ended December 31, 2020, we were engaged to provide assistance in preparation of the financial statements and preparation and tax filing services. We reviewed the nature of the requested work, our role and management's role and determined that our independence would not be impaired, in fact or appearance.

#### *Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

#### *Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management.

The attached schedule of audit adjustments, which have been recorded in the books and records have been reviewed and approved by management and reflected properly in the financial statements and footnotes. None of these adjustments appear to indicate a weakness in financial reporting.

We did not identify any uncorrected misstatements.

*Disagreements with Management*

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

*Management Representations*

We have requested certain representations from management that are included in the management representation letter dated June 24, 2021.

*Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to NWRA's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

*Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as NWRA's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of Board of Trustees and management of NWRA and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Marcum LLP
