

**SAFETY**

**MONDAY**

## WINTER OFTEN COMES WITHOUT MUCH WARNING

- ✓ We start early, so be prepared
- ✓ Dress for Success
  - ✓ Layers are important
  - ✓ Bring extra clothing; extra socks are always a good idea in bad weather.

## YOUR EQUIPMENT WILL NEED EXTRA ATTENTION ALSO

- ✓ Check Fluids during your Post and Pre trip.
- ✓ Drain Air Tanks nightly.
- ✓ Ensure all required Safety Equipment is ready for your trip.
- ✓ The Driver is the Most important

## ROAD CONDITIONS CAN CHANGE QUICKLY

- ✓ Allow extra for extra stopping distance.
- ✓ Anticipate other motorist not stopping at intersections.
- ✓ Most road surfaces are curved which can make sliding off the edge a higher risk during bad weather
