

**SAFETY**

**MONDAY**

# HOME FOR THE HOLIDAYS!

**Make sure you pack your patience during the holiday season.**

Added traffic, travelers that are lost or following GPS directions, inclement weather...they can all try your patience. Never let it get the best of you.

As professional drivers we must expect the unexpected. Maintain ample following distance, take a deep breath and allow a few minutes to reset if needed. There's someone waiting at home for you.

**BE THERE!**
